

## General Purpose Statement

Eastview Christian Church seeks to provide a safe and secure environment for the children who participate in our programs and activities. By implementing the below practices, our goal is to protect the children of Eastview Christian Church from incidents of misconduct or inappropriate behavior while also protecting our staff and volunteers (workers) from false accusations.

## Definitions

For purposes of this policy, the terms “child” or “children” include all persons under the age of eighteen (18) years. The term “worker” includes both paid and unpaid persons who work with children. The term “volunteer” means anyone involved in child programming, in overnight activities involving minors, in counseling of minors, or in one-on-one mentoring of minors.

## Selection of Workers

All persons who desire to work with the children participating in our programs and activities will be screened. This screening includes the following:

a) **Six Month Rule**

No person will be considered for any volunteer position involving contact with minors until she/he has been involved with Eastview Christian Church for a minimum of six (6) months. This time of interaction between our leadership and the applicant allows for better evaluation and suitability of the applicant for working with children.

b) **Application**

All persons seeking to work with children must complete an application (currently online) in a form to be supplied by us. The application will request basic information from the applicant and will inquire into previous experience with children, previous church affiliation, reference, and employment information, as well as disclosure of any previous criminal convictions. The application form will be maintained in confidence on file at the church.

c) **Personal Interview**

Upon completion of the application, a face-to-face interview may be scheduled with the applicant to discuss his/her suitability for the position.

d) **Reference Checks**

Before an applicant is permitted to work with children either one-on-one, counseling or during an overnight activity, at least two of the applicant's references will be checked. Whenever possible, these references should be of an institutional nature as opposed to personal or family references. Preferably they would be from organizations where the applicant has worked with children in the past. Documentation of reference checks performed will be maintained in confidence on file at church.

e) **DCFS Mandated Reporter Training**

Illinois law amended in 2020 (325 ILCS 5 – Abused and Neglected Child Reporting Act) requires that every mandated reporter completes an online training course and provides the church with their certificate of completion.

f) **Criminal Background Check**

A national criminal background check is required for all employees (regardless of position) and “volunteers” as defined above.

Before a background check is run, prospective workers will be asked to complete an authorization form allowing the church to run the check. If an individual declines to complete the authorization form, s/he will be unable to work with children.

A disqualifying offense that will keep an individual from working with children will be determined by the Executive team and Ministry Director on a case-by-case basis in light of all the surrounding circumstances. Generally, convictions for an offense involving children and/or for offenses involving violence, dishonesty, illegal substances, indecency and any conduct contrary to our mission will preclude someone from being permitted to work with children. Failure to disclose a criminal conviction on the application form will also be a disqualifying event.

The background check authorization form and results will be maintained in confidence on file at the church.

## **Student Workers**

We recognize that there may be times when it is necessary or desirable for individuals (paid or volunteer) who are themselves under age 18 to assist in caring for children during programs or activities. The following guidelines apply to student workers:

- Must be at least age 12.
- Must be screened as specified above.
- Must be under the supervision of an adult and must never be left alone with children.

## **Two Adult Rule**

It is our goal that a minimum of two unrelated adult workers will be in attendance at all times when children are being supervised during our programs and activities. Some youth classes may have only one adult teacher in attendance during the class session; in these instances, doors to the classroom should remain open and there should be no fewer than three students with the adult teacher. We do not allow minors to be alone with one adult on our premises or in any sponsored activity unless in a counseling situation.

## **Open Door Policy**

Classroom doors should remain open unless there is a window in the door or a side window beside it. This does not pertain to large venue spaces where two or more adults are present. Doors should never be locked while persons are inside the room, unless in the event of an emergency (i.e. lockdown).

## Check-in/Check-out Procedure

For children below sixth grade, a security check-in/check-out procedure will be followed. The child will be signed in by a parent or guardian, who will receive a “child check” for the child similar to a claim check. The parent or guardian must present the “child check” in order to sign out the child from our care. In the event that a parent or guardian is unable to present the “child check,” the supervising Ministry Director or designated Lead will be contacted. This Director or Lead will be responsible for releasing the child to the care of a parent or guardian after discussing the surrounding circumstances with the parent or guardian.

## Restroom Guidelines

Children three years of age and younger should use a classroom bathroom if one is available. If a classroom bathroom is not available, workers should escort a group of children to the hallway bathroom. They should always go in a group, never taking a child to the bathroom alone. The workers should check the bathroom first to make sure that it is empty, and then allow the children inside. The workers should then remain outside the bathroom door and escort the children back to the classroom. If a child is taking longer than seems necessary, the worker should open the bathroom door and call the child's name. If a child requires assistance, the workers should prop open the bathroom door, and leave the stall door open as they assist the child.

Children between the age of four and eleven (Pre-K to 5<sup>th</sup> Grade) may utilize child-only restrooms on their own when security or other authorized adult is present in hallway. An appropriate check-in/check-out system should be utilized to monitor the child leaving and returning to the class.

When using offsite public restrooms, best efforts should be made to ensure children are not alone with strangers. Two-person rule should still be followed.

For the protection of all, workers should *never* be alone with a child in a bathroom with the door closed and never be in a closed bathroom stall with a child. Parents are strongly encouraged to have their children visit the bathroom prior to each class.

## Transportation

When ministry events or emergency circumstances require the transportation of children in a motor vehicle or watercraft, the primary operator must be an adult over the age of 21 and have a valid license. The two adult rule should be adhered to whenever possible. However, at no time should an adult be alone in a vehicle with less than two children. The vehicle operator is responsible for understanding and following all applicable motor vehicle laws including the use of proper child safety restraints.

## Sick Child Policy

It is our desire to provide a healthy and safe environment for all of the children at Eastview Christian Church. Parents are encouraged to be considerate of other children when deciding whether to place a child under our care. In general, children with the following symptoms should NOT be dropped off:

- Fever, diarrhea, or vomiting within the last 48 hours;
- Green or yellow runny nose;
- Eye or skin infections;
- Other symptoms of communicable or infectious disease; and/or
- Recent exposure to anyone with an infectious disease including COVID-19.

Children who are observed by our workers to be ill will be separated from other children and the parent or guardian will be contacted to request that the child be picked up for the day.

## Medications Policy

It is the policy of Eastview Christian Church not to administer either prescription or non-prescription medications to the children under our care. Medications should be administered by a parent at home. Parents are reminded of our sick child policy.

Exceptions to the medications policy may be granted to parents of children with potentially life-threatening conditions (such as asthma or severe allergic reactions) or for events where a nurse or medical professional is available. Parents of such children should address their situation with the responsible Ministry Director or Lead to develop a plan of action.

## Discipline Policy

It is the policy of Eastview Christian Church not to administer corporal punishment, even if parents have suggested or given permission for it. There should be no spanking, grabbing, hitting, or other physical discipline of children. Workers should consult with the responsible Ministry Director if assistance is needed with disciplinary issues.

## Accidental Injuries to Children

In the event that a child or youth is injured while under our care, the following steps should be followed:

1. For minor injuries, scrapes, and bruises, workers will provide First Aid (Band-Aids, etc.) as appropriate and will notify the child's parent or guardian of the injury at the time the child is picked up from our care.
2. For injuries requiring medical treatment beyond simple First Aid, the parent and/or guardian will immediately be summoned in addition to the worker's supervisor and volunteer medical staff. If warranted by circumstances, an ambulance will be called in following with Eastview Christian Church's Emergency Response Plan.
3. Once the child has received appropriate medical attention, an incident report will be completed in the case of injuries requiring treatment by a medical professional.

## Responding to Allegations of Child Abuse

For purposes of this policy, "child abuse" is any action (or lack of action) that endangers or harms a child's physical, psychological or emotional health\* and development. Child abuse occurs in different ways and includes the following:

- **Physical abuse** – any physical injury to a child that is not accidental, such as beating, shaking, burns, and biting.

- **Emotional abuse\*** – emotional injury when the child is not nurtured or provided with love and security, such as an environment of constant criticism, belittling and persistent teasing.
- **Sexual abuse** – any sexual activity between a child and an adult or between a child and another child at least four years older than the victim, including activities such as fondling, exhibitionism, intercourse, incest, and pornography.
- **Neglect** – depriving a child of his or her essential needs, such as adequate food, water, shelter, and medical care.

Childcare workers may have the opportunity to become aware of abuse or neglect of the children under our care. In the event that an individual involved in the care of children at this church becomes aware of suspected abuse or neglect of a child under his/her care, this should be reported immediately to the responsible Ministry Director and Executive Pastor for further action, including reporting to authorities as mandated by state law. (\* Note, reporting of emotional abuse does not pertain to mandatory reporters in the state of Illinois. However, it should still be reported to the responsible Ministry Director.)

In the event that an incident of abuse or neglect is alleged to have occurred at this church or during our sponsored programs or activities, the following procedure shall be followed:

1. The parent or guardian of the child will be notified.
2. The worker or church member alleged to be the perpetrator of the abuse or misconduct will immediately be placed on leave pending an investigation and instructed to remain away from the premises during the investigation. He or she should be instructed to have no contact with the victim or with witnesses.
3. All allegations of abuse should be reported to the civil authorities, and the organization will comply with the state's requirements regarding mandatory reporting of abuse as the law then exists. The organization will fully cooperate with the investigation of the incident by civil authorities.
4. The insurance company will be notified, and the organization will complete an incident report. Any documents received relating to the incident and/or allegations will immediately be forwarded to the insurance company.
5. The organization will designate a spokesperson to the media concerning incidents of abuse or neglect. The advice of legal counsel will be sought before responding to media inquiries or releasing information about the situation to the congregation. All other representatives of the organization should refrain from speaking to the media.
6. A pastoral visit will be arranged for those who desire it. This should be for the purpose of providing pastoral support during the time of crisis and not for the purpose of investigating the incident or influencing the investigation.
7. Any person who is not found innocent of the alleged abuse or misconduct will be removed from their position working with children or youth.

## **Training**

**Eastview Christian Church** will provide training on this child protection policy to all new childcare workers and will strive to provide opportunities for additional training classes or events on an annual basis. All workers are required to attend these training events; documentation verifying attendance and successful completion of the course will be maintained by **Eastview Christian Church**.
